About The Report

Swapalease.com studies lease market trends and consumer insights each quarter. In order to gain these insights the company studies a variety of lease market data, and takes the pulse of consumer appetites for leasing by presenting surveys to more than 2,500 drivers across the U.S.

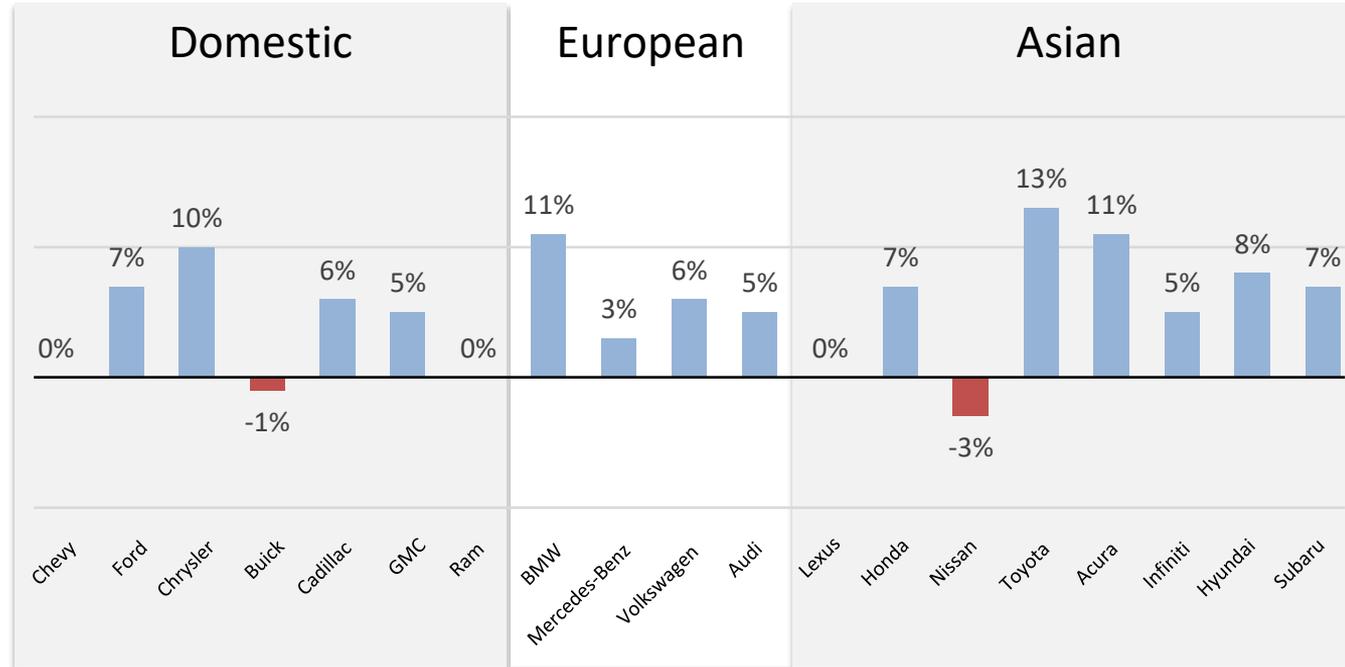

The purpose of the report is to provide a deeper understanding to the industry on where U.S. auto lease activity is in the present market, and where it may be forecast to go in coming quarters.
